

# Investing for Success

**Under this agreement for 2022  
Millchester State School will receive**

**\$98,306**

## This funding will be used to

- Monitor progress and measure growth in literacy for students in Prep, Year 1 and Year 2 using *Early Start* tasks and the *Literacy Continuum*
- Analyse, discuss and monitor the impact of enhanced classroom teaching practices on the learning growth of marker students using formative and summative data
- Identify, prioritise and support students 'at risk' of not achieving a 'C' standard in English through precise data-driven instruction
- Review, document and enact our whole-school approach to the teaching of reading (Prep-6) that responds to the literacy demands of the *Australian Curriculum*
- Develop and enact a quality moderation process that deepens understanding of the *Australian Curriculum* and drives quality teaching and assessment practices
- Build staff capacity to develop and embed effective and consistent high-impact classroom teaching practices that increase learning outcomes for all students.

## Our initiatives include

- Administer *Early Start* literacy and numeracy tasks at prescribed times for students in Prep, Year 1, and Year 2
- Engage with *The Reading and Writing Centre* to facilitate change in knowledge and practice around the effective teaching of reading (Prep-6)
- Engage with the *Moderation Project* to facilitate change in knowledge and practice around quality moderation processes
- Engage with *Teach Like a Champion* to facilitate and enhance high-impact classroom teaching practices and strengthen conditions for learning
- Provide differentiated external coaching for leadership and teaching staff
- Improve the precision of targeted literacy teaching through regular analysis and discussion of formative and summative data
- Improve teacher and Principal capacity around data literacy and case management processes.

## Our school will improve student outcomes by

- Teacher replacement to administer *Early Start* literacy and numeracy tasks: \$7500
- School-purchasing additional teacher and teacher aide resourcing for targeted literacy teaching and case management processes: \$68,500
- Providing targeted professional development and differentiated coaching for leadership and teaching staff: \$22,306.
